

PERFORMANCE INFORMATION REPORT 2022/2023

QUARTER 2 REPORT

| Approved by: | Waseem Carrim |
|--------------|-------------------------|
| Designation: | Chief Executive Officer |
| Signature: | |
| Date: | |

1. PURPOSE

This performance report is aimed at providing feedback of the NYDA's performance against the APP. The report reflects the achievements of the NYDA against its Key Performance Indicators. The National Youth Development Agency linked its programmes to the Medium-Term Strategic Framework outcomes of decent employment through inclusive economic growth, as well as nation building and social cohesion. The Economic Development and Jobs Program are aligned towards employment creation while the National Youth Service programme has both a skills development as well as nation building alignment.

2. STRATEGIC OUTCOMES

For the 2022/2023 financial year, the NYDA has **29 KPI's** Key Performance Indicators (KPIs) from the following programs:

- Administration 11
- Operations 14
- Integrated Youth Development 4

In the period under review, only 14 KPIs are active and others will start reporting in the next Quarters.

PERFORMANCE TO DATE

3. <u>SUMMARY OF TARGETS NOT MET</u>

a. KPI: Number of beneficiaries supported with Business Development Support Services offered to young people by NYDA: Reasons and Remedial Action:

YTD Target not met as there were delays in appointing a service provider to implement the programme.

The NYDA is developing and MOU with FASSET in trying to implement the project in partnership with 4 Universities:

◦ University of Pretoria, ◦ University

of the Witwatersrand, o University

of Free State, and ${\scriptstyle \circ}$ University of

KwaZulu-Natal.

Training will cover digital skills, financial literacy and Entrepreneurial Skills.

b. KPI: Number of young people placed in jobs:

Reasons and Remedial Action:

Target not met as a result of non-availability job opportunities availed from opportunity providers. We are currently exploring other partnerships that can assist to deliver on the jobs programme.

4. PROGRAMME 1: ADMINISTRATION (11 KPIs)

The Programme Purpose is to enable effective and efficient Agency capabilities for service delivery and supporting functions. The programme provides support to core programmes and consist of the following sub programmes: Corporate strategy and planning, Human Resources and legal, Corporate Investments, ICT, Communications and Risk. In this period under review (July – September 2022/23) the NYDA has 29 KPIs and the achievement of targets in Quarter 2 is at 75%, with 6 targets met, 2 not met, 8 met and exceeded. 3 targets are due starting from 3rd quarter onwards and about 14 KPI's were only active during this quarter. More stringent verification and data collection measures are applied across all programmes. Targets will be monitored closely throughout the year and where there is a lag in achievement M&E will advise.

Number of NYDA Quarterly Management Reports Produced was prepared and the indicator seeks to measure the NYDA Quarterly Management reports produced and submitted on a quarterly basis to the Department of Women, Youth and Persons with Disabilities for tranche and approval by the Minister to be tabled before the Portfolio Committee. A quarterly Management report includes the following sub-reports: <u>NYDA Financial Management Reports</u>, <u>Performance Information Report</u> and <u>Internal Audit Report</u>. "Value of funds sourced from public and private sectors to support the youth development programmes is actually meant to be reported in the next quarter however **R224.2 million** was achieved to the NYDA during quarter 2. The ICT unit also achieved 30% of ERP committed target within the quarter which seeks to establish an efficient and effective organisation by introducing an integrated resource planning (ERP) system which integrates different systems into one solution. Review Annual SCM Procurement Plan and produce quarterly report seeks to measure the development of Annual procurement plan and quarterly reports that are submitted as feedback or progress against the plan.

5. PROGRAMME 2 : OPERATIONS (14 KPIs)

The Programme Purpose of the programme is to enhance the participation of young people in the economy through targeted and integrated economic programmes, including skills and education programmes, and national youth services. The programme also facilitate and provide business development services to young people and to enhance their socioeconomic well-being and to facilitate the effective and efficient implementation of National Youth Service Programme. Operations enhance the participation of young people in the economy through targeted and integrated programmes.

There is limited support for young people to participate in the economy. Thus, financial and non-financial support is provided for enterprises in order address those challenges facing young people. Young people apparently in rural areas have limited access to information on youth development so by increasing the number of activities on information dissemination around issues of youth development we aim to close those gaps.

Number of young people are unable to access the job market due to limited skills and this intervention provides training to young people to enable them to participate in the economy and enter the job market. These interventions are targeted at youth which aligns to the achievement of priorities of women and persons with disabilities. The KPI "Number of youth owned enterprises supported with financial interventions" had a second quarter target of 500, and 1198 was achieved. The Grant Programme is designed to provide young entrepreneurs an opportunity to access both the financial and non-financial business development support to establish their businesses.

The KPI "number of youth supported with non-financial business development interventions" had a second quarter target of 5000, of which 16097 was achieved.

|--|--|--|--|--|
|--|--|--|--|--|

The NYDA Grant Programme is designed to provide young entrepreneurs with an opportunity to access both financial and nonfinancial business development support in order to enable them to establish or grow their businesses. A total of 1198 Grants were disbursed in the period April to September. Kwa-Zulu Natal Province disbursed most grants followed by Gauteng, Eastern Cape and Mpumalanga. The least grants were disbursed from Northern Cape and Western Cape as not much young people shown interest in those provinces but the NYDA will keep marketing the products and services for young people to actually consider for these grants in the provinces. In the period under review, women received 44% of the grants issued whilst males received 55%. Persons with disability persons received 1% of the grants issued. The grant target was overachieved due to the uptake of grants by young people who have shown interest in their applications tom start their small businesses from various areas e.g. rural areas ,townships, towns and cities. These grants that are allocated to these young people are designed to provide young entrepreneurs with an opportunity to access both financial and non- financial business development support in order to enable them to establish or grow their businesses. Different amounts are then allocated to various business opportunities identified by young people from different provinces and branches of NYDA.

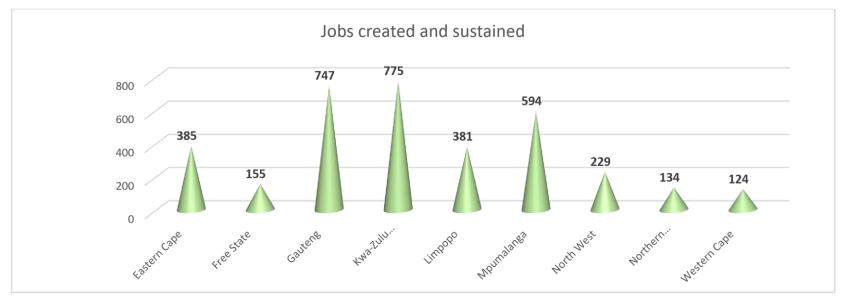

Most grant recipients come from the services sector, due to a large spectrum it covers, followed by the retail sectors. These are sectors that seem to be easily accessed by most grant beneficiaries and majority of young people have shown interest in the sector. The uptake is also followed by retail sector, manufacturing, farming, construction and tourism. The sectors that had least beneficiaries are marketing and ICT and but a campaign by NYDA will be conducted to drive awareness to young people to consider other sectors that are more competitive in the market.

A number of persons with disability participated in the job preparedness programme offered by the NYDA followed by like skills and job placement programme. About 13 grants were issued to persons with disabilities and most of them came from Mpumalanga where a group of persons with disabilities were offered with grants during the June month. Sales pitch and BMT also became the highest in terms of participants from the sector. In the period under review, April – September 2022, more females (51%) than males (49%) received non-financial interventions from the branches of NYDA. A total of 307 beneficiaries received the non-financial interventions. The non- financial business development provide young entrepreneurs with an opportunity to access the support in order to enable them to establish or grow their businesses.

Jobs created and sustained through entrepreneurship development are derived from the three programmes, namely; Market Linkages, Voucher and Grant Programme. The jobs are either created or sustained as a result of the intervention offered by the programme in business on a young entrepreneur. A total of 1906 jobs were created and sustained for males whilst females received 1617 jobs. Only 3 jobs were created and sustained for disabled persons. The service sector constituted 32% of jobs created and sustained, followed by farming and retail at 12%. The health and education sectors had the least jobs created and sustained.

Gauteng and Kwa-Zulu Natal have the highest number of jobs created and sustained whilst Western Cape and Northern Cape had the least jobs created and sustained. This could be due to the grants disbursed from the 2 provinces which were also the least comparatively.

The Voucher Programme is a business support programme aimed at assisting young entrepreneurs by providing one-on-one business development support to access quality business development services through NYDA approved business consultancy service providers thereby enhancing their participation in the mainstream economy. In the period under review a total of 282 vouchers were issued, though they were not enough to reach the Year-to-date target of 300. Gauteng issued most vouchers followed by Mpumalanga and Western Cape. More males than females benefited from the voucher programme as 156 males vs 126 females received vouchers.

5.1 Sub-Programme 2: Decent Employment through Job Programme

Purpose of Sub Programme: To facilitate and provide employment opportunities for young people, geared at increasing sustainable livelihoods.

5.2 Sub-Programme 3: National Youth Service

Purpose of Sub Programme is to facilitate the effective and efficient implementation of National Youth Service Programme across all sectors of society. The planned performance for National Youth Service is aimed at engaging young people in service to their

communities to build the spirit of patriotism, solidarity, social cohesion and unity in diversity. Young people have limited opportunities to participate in nation building activities, so the National Youth Service Programme engage in awareness campaigns to build awareness, register projects that meet the National Youth Service compliance criteria and coordinate partners who are implementing National Youth Service projects.

About 22 number of organisations and departments lobbied to implement NYS across all sectors of the society. The uptake and coordination of opportunities for young people requires that National Youth Service build sustainable relationships, and this will help in mobilising resources to implement National Youth Service. Higher Education presents a huge opportunity for young people to use their skills to build this country. These interventions are targeted at youth which aligns to the achievement of priorities of women and people with disabilities. Implementation will be done through CWP programmes, jobs fund and Expanded Volunteer programmes across the country. **11812** young people participated in NYS Expanded Volunteer Projects and this was overachieved mainly driven by the incubation programme that was introduced and the 100 NPO's that assisted in implementing the EVP programme.

6. PROGRAMME 3: INTEGRATED YOUTH DEVELOPMENT

PURPOSE OF THE PROGRAMME: Focuses on fostering mainstreamed, evidence based, integrated, and result oriented youth development. The Programme has 4 KPIs and about 2 targets will be implemented in quarter 4. The planned performance over the financial year period for Integrated Youth Development Strategy Programme will produce a status of youth report which will be submitted to the president at the end of the financial year. Produce research reports which influences change in youth sector and build sustainable relationships. The Agency will conduct youth needs based research and constant research that will inform business.

The programme focuses on fostering a mainstreamed, evidence based, integrated and result oriented youth development approach, through and monitoring and evaluation services, lobby and advocacy to bring on board key stakeholders to implement youth development programmes through knowledge management and this will be done through the implementation of IYDS of which an implementation plan will be developed. The strategies and processes of identifying, capturing, and leveraging knowledge to enhance competitiveness is also very important. The NYDA seeks to tie organisational outputs and outcomes to achieve specific outcomes to shared intelligence, improved performance, competitive advantage, or higher levels of innovation within the NYDA's programmes. The Performance framework allows the NYDA to align all its interventions to outcomes and impact as well as to track organisational performance against planned interventions.
